

# NexBot Drives 821-002 Joint Cover

NexBot  
Robotics

SKU: NXB-GEN-821-002 | Category:  
Accessories & Mounting > Covers & Shields >  
Joint Covers

## Overview

NexBot Drives 821-002 Joint Cover (NXB-GEN-821-002) is a joint covers used in industrial robotics equipment where category-specific fit, electrical or mechanical compatibility, and predictable serviceability are important to buyers. The product should be understood as the exact component named by its category path, not as a complete robot or a generic service item. It supports installation, replacement, and maintenance workflows in robotic production cells by giving procurement and maintenance teams a clearly defined part class, relevant engineering specifications, and application context that matches the actual hardware being purchased.

## Technical Specifications

Parameter	Value	Unit
Weight	1.2	kg
Material	High-Density Polyethylene (HDPE)	
IP Rating	IP65	
Country of Origin	CH	
Dimensions	280 x 280 x 155 mm	

**Safety Notice:** This product must be installed and operated by qualified personnel in accordance with applicable safety standards (ISO 10218, IEC 61508).
