

# NexBot Drives 641-006 Robot Floor Mounting Plate

NexBot  
Robotics

SKU: NXB-MNT-641-006 | Category: Safety Systems  
> Robot Mounts & Bases > Floor Mounting Plates

## Overview

NexBot Drives 641-006 Robot Floor Mounting Plate (NXB-MNT-641-006) is a floor mounting plates used in industrial robotics equipment where category-specific fit, electrical or mechanical compatibility, and predictable serviceability are important to buyers. The product should be understood as the exact component named by its category path, not as a complete robot or a generic service item. It supports installation, replacement, and maintenance workflows in robotic production cells by giving procurement and maintenance teams a clearly defined part class, relevant engineering specifications, and application context that matches the actual hardware being purchased.

## Technical Specifications

| Parameter         | Value                               | Unit |
|-------------------|-------------------------------------|------|
| Weight            | 191.0                               | kg   |
| Material          | A36 Structural Steel, Powder Coated |      |
| Country of Origin | IT                                  |      |
| Dimensions        | 800 x 800 x 38 mm                   |      |

**Safety Notice:** This product must be installed and operated by qualified personnel in accordance with applicable safety standards (ISO 10218, IEC 61508).
