

NexBot Robotics 322-010 3D Vision Camera

NexBot Robotics

SKU: NXB-SNS-322-010 | Category: Sensors & Vision > Vision Systems > 3D Vision Cameras

Overview

NexBot Robotics 322-010 3D Vision Camera (NXB-SNS-322-010) is a 3d vision cameras used in industrial robotics equipment where category-specific fit, electrical or mechanical compatibility, and predictable serviceability are important to buyers. The product should be understood as the exact component named by its category path, not as a complete robot or a generic service item. It supports installation, replacement, and maintenance workflows in robotic production cells by giving procurement and maintenance teams a clearly defined part class, relevant engineering specifications, and application context that matches the actual hardware being purchased.

Technical Specifications

Parameter	Value	Unit
Weight	0.045	kg
Material	Nickel-Plated Brass	
Voltage	60VDC	
IP Rating	IP67	
Country of Origin	JP	
Protocol	PROFINET	
Dimensions	48 x 15 x 15 mm	

Safety Notice: This product must be installed and operated by qualified personnel in accordance with applicable safety standards (ISO 10218, IEC 61508).
